COMPANY / AT A GLANCE

Built around real needs.

Company overview

JII Web Solutions is a Keokuk, Iowa-based hosting and digital services business led by co-founder James Hamelton. Its services span web hosting, websites, web applications, integrations and ongoing website care. The business combines technical development with direct, practical guidance for clients.

Short description

JII Web Solutions provides hosting, websites and custom digital services from Keokuk, Iowa.

What JII does

Hosting and domains: hosting plans, domain services, domain email and migration guidance.

Websites and applications: business websites, e-commerce, web apps, client portals and custom integrations.

Ongoing care: website maintenance, security, performance and technical consultation.

Community: a free hosting program for verified nonprofits, subject to application and approval.

Editorial context

Service availability, inclusions and prices are published at jiiweb.com. Describe JII as a hosting and digital services provider; do not imply ownership of third-party infrastructure or software.

STORY / PEOPLE

A name with a history.

JII began in 2002 as JII Web Services Network. Its name came from the first names of its three founders: James, Ian and Jimmy. The brand evolved alongside the work, becoming JII Web Solutions in 2026.

2002 **JII Web Services Network**

The original name and the beginning of the JII story.

Around 2006 **JII Web Services**

A shorter name as the brand evolved.

2012 **JII Web**

The name used through the next chapter.

2026 **JII Web Solutions**

The current identity for hosting and digital services.

James Hamelton / Co-founder

James leads JII Web Solutions with a practical focus on building and supporting websites and web services. The current hosting offering grew from a real client need for a suitable home for websites and a point-of-sale application.

Anniversary note: JII reaches its 25th anniversary in 2027 (2002-2027). Anniversary artwork should not imply that the 25-year milestone occurred in 2026.

IDENTITY / MEDIA CONTACT

The essentials, ready to use.

PRIMARY CONTOUR SHIELD

SOLID SHIELD

Use the identity with care

Use the supplied SVG artwork for crisp reproduction and PNG files when a raster image is required. Keep the original proportions and clear space of at least one-quarter of the shield width. Do not stretch, recolor or add effects. Use the solid shield for restrained, single-color applications. Refer to jijweb.com/brand-guidelines.html for guidance.
